

K-love a nationwide non-profit radio station serves the Portland area in many different ways. They provide a community calendar for upcoming events, they provide community service opportunities, and a positive message that is not heard on many stations. I believe if this station was replaced by a LPFM, it would have a negative impact on the Portland area. They are able to provide an 1-800 number listeners can call to get help for emotional, relationship, and spiritual issues. This and many other services provided by K-love do not cost the public. They are provided free of charge and for people in tough financial times, this might be the only counseling they can obtain. I think it would be a grave mistake to give a LPFM priority a station like K-Love
